

Short Term **Hire**

Set the scene, create a theme

Utilise functional foliage at your event to beautify, screen, show the way, emphasise features or hide the ugly bits.

- **Theme your location (native, tropical, modern, formal, elegant, bach, zen, retro)**
 - Create a theme for any event, exhibition or function with our wide range of plants and containers
- **Screening, framing features**
 - Create focus for entrances, staging, pathways and features with unique and striking plants
 - Channel groups and audiences –help people find their way
 - Partition spaces and screen areas with our portable plant wall system
- **Cost effective means of improving presentation**
 - Lift the presentation of an environment or location with temporary plant installations
 - Use plant walls, feature plants, palms, troughs or bulk plantings
- **Utilise our extensive variety –inside or out**
 - Our plant numbers mean we can achieve a consistent uniform look with a large amount of the same variety, or provide a diverse range of varieties and sizes to create interest and impact
 - No limit on numbers (large or small), from a small focused feature to a portable jungle
- **Presentation containers included**
 - Completely waterproof and mess free indoors
 - Enhances the theme and presentation
 - Range of sizes colour and design options available
